1. Policy Statement

At Keys Group, we recognise that some students require flexible, individualised curricula and occasionally alternative provision to meet their unique needs. Our commitment is to provide high-quality, personalised education that supports each student's academic, social, and emotional development, ensuring they achieve their potential in a safe and supportive environment. Our alternative provision is designed to meet the diverse and complex needs of students, including those with the most complex SEND and SEMH needs, through tailored, developmentally appropriate curricula and personalised learning approaches.

2. Vision, Mission and Values

Our schools aim to create extraordinary learning experiences every day by believing in every student's potential. We provide innovative education and care services to children and young people with complex needs, emotional and behavioural difficulties, or challenging behaviour. Alternative provision is a vital part of this commitment, offering specialist support and opportunities beyond the school environment.

3. Purpose and Intent

This policy outlines how Keys Group commissions, monitors, and manages alternative provision to:

- Personalise learning pathways aligned with each student's EHCP and needs.
- Ensure access to high-quality, accredited education and vocational opportunities.
- Promote independence, wellbeing, and successful transitions to further education, training, or employment.
- Comply with statutory guidance, including Keeping Children Safe in Education (2025) and the Alternative Provision statutory guidance.
- We ensure that curriculum adaptations and teaching strategies within AP settings provide the best opportunities for students with complex needs to develop independence, communication, and emotional regulation skills.

4. Legal Framework

This policy has due regard to relevant legislation and statutory guidance, including but not limited to:

- Keeping Children Safe in Education (2025)

- Working Together to Safeguard Children
- Suspension and Permanent Exclusion Guidance (2023)
- Alternative Provision Statutory Guidance (2025)
- SEND Code of Practice (0-25)
- Data Protection Act 2018 / UK GDPR
- Health and Safety at Work etc. Act

5. Roles and Responsibilities

5.1 Governors and Regional Director/Executive Headteacher

- Monitor and review the implementation of this policy.
- Receive termly reports on alternative provision placements, quality assurance, attendance, safeguarding, and outcomes.

5.2 Headteacher

- Overall responsibility for the use and effectiveness of alternative provision.
- Ensure budgets are allocated and managed effectively.
- Engage with parents/carers and students to identify appropriate alternative provision.
- Report on AP effectiveness to the Governing Body.

5.3 Alternative Provision Lead (Senior Leadership Team Member)

- Conduct initial and ongoing quality assurance of alternative providers.
- Ensure safeguarding, health and safety, and staff vetting compliance.
- Maintain regular communication with providers, students, and families.
- Undertake termly visits to alternative provision settings, including observations and progress reviews.
- Manage incidents and behavioural concerns in conjunction with the Headteacher.
- Ensure all providers receive and adhere to the school's safeguarding and child protection policies.
- Share relevant student SEND and risk information with providers.
- Collect student and parent voice feedback each half-term.
- Collect and analyse student voice regularly, ensuring students' views inform the evaluation and development of AP provision.

5.4 School Administrator / Attendance Officer

- Monitor and record daily attendance of students in alternative provision.
- Liaise with providers to confirm attendance or absence promptly.

6. Commissioning Alternative Provision

6.1 Pre-Placement Checks

- Complete a comprehensive audit of the provider using the AP Audit Form (Appendix 1).
- Obtain a safeguarding assurance letter confirming all staff checks and training (Appendix 2).
- Share relevant student information (EHCP, risk assessments, profiles) with the provider.
- Establish a Service Level Agreement (SLA) covering safeguarding, data sharing, attendance reporting, complaints, and escalation procedures.
- Confirm insurance and health and safety compliance.

6.2 Ongoing Monitoring

- Conduct termly QA visits including learning observations, progress data scrutiny, and welfare checks.
- Review attendance and behaviour logs regularly.
- Monitor achievement of personalised learning objectives and qualifications.
- Collect and review student and parent/carer feedback.
- Ensure timely communication of safeguarding or health and safety incidents.
- Evaluate how well the curriculum and teaching in AP settings are adapted to meet the needs of students with complex SEND and SEMH, ensuring progress towards personalised outcomes.
- Student feedback is gathered at least half-termly and used to shape teaching approaches, pastoral support, and curriculum content within AP settings.

7. Referral Process

- Discuss alternative provision options with students and parents/carers, securing agreement.
- Develop a personalised learning plan with clear objectives, timelines, and success criteria.
- Arrange induction and transition activities with the provider.
- Maintain student registration at the home school with dual registration at the AP provider.
- Review placement and progress at least half-termly, adjusting plans as necessary.

8. Safeguarding and Health & Safety

- Providers must have a designated DSL and deputy during operational hours.

- Providers must follow safeguarding policies aligned with Working Together and KCSIE (2025).
- Immediate notification of any safeguarding concerns, staff changes, or incidents is mandatory.
- Risk assessments must be in place for all activities.
- Providers must maintain appropriate insurance levels (public liability, employer's liability, professional indemnity).

9. Attendance Monitoring

- Providers report daily attendance to the school by agreed times.
- The school conducts first-day calling for unexplained absences.
- Attendance below targets triggers intervention according to the Attendance Policy.

10. Staff Training and Development

Staff working in or supporting alternative provision receive regular, targeted training to develop expertise in meeting the needs of students with complex SEND and SEMH. Training includes curriculum adaptations, communication strategies, behaviour management, and safeguarding in AP contexts. Training needs are reviewed annually as part of professional development.

11. Behaviour Support and Preventative Use of AP

- AP, including off-site direction and managed moves, is used as a preventative measure to exclusion, based on student needs and after other interventions have been exhausted.
- Off-site direction is time-limited and aimed at improving future behaviour, not as a punishment for past misconduct.
- Managed moves are voluntary, planned transfers to support student reintegration or progression.
- All AP placements have clear objectives, timelines, and frequent reviews to support reintegration or transition.

12. Reintegration and Transition

- A Reintegration Plan with measurable targets and a clear timeline is agreed at placement start.
- Plans support return to school or transition to post-16 education, training, or employment.
- EHCP reviews are triggered if provision changes materially.
- Reintegration plans include measurable targets linked to post-16 progression, and outcomes are monitored to ensure students are supported towards fulfilling adult lives.

13. Quality Assurance and Review

- Records of audits, visits, communications, and progress are maintained by the AP Lead.
- The Headteacher reports termly to Governors on AP usage, quality, and outcomes.
- This policy is reviewed annually and updated as necessary.
- Termly reports to Governors include analysis of post-16 destinations and long-term outcomes for students attending AP.
- The school systematically evaluates the impact of alternative provision on students' long-term outcomes, including academic progress, social and emotional development, and successful transitions to post-16 education, training, or employment. Data from progress reviews, reintegration plans, and destination tracking inform ongoing improvements to AP provision.
- The effectiveness of staff training in AP settings is monitored through performance reviews and linked to improvements in student outcomes.

Dear [Headteacher],

This letter confirms that all staff, volunteers, and contractors working with students from [Commissioning School Name] have undergone the required safeguarding and pre-employment checks in line with Keeping Children Safe in Education (2025) and all relevant statutory guidance.

For each member of staff, we confirm the completion and verification of:

1. Enhanced DBS check with children's barred list information.
2. Identity verification using three separate documents per DBS guidelines.
3. Children's barred list check (where regulated activity applies).
4. Teacher status/prohibition checks where applicable.
5. Section 128 direction checks for management positions.
6. Overseas checks including certificates of good conduct, where relevant.
7. Verification of professional qualifications, where required.
8. Right to work in the UK.
9. Two professional references verified for authenticity.

We also confirm:

- Operation of age-appropriate internet filtering and monitoring systems, with termly written assurance to the commissioning school and immediate notification of material changes or incidents.
- Same-day notification of any safeguarding allegation, concern, or incident involving your students, as well as any changes to our DSL/deputy DSL or senior leadership.
- Immediate notification if any new staff, volunteer, or contractor is appointed to work with your students, with deployment only after written assurance of completed checks.
- Notification within one working day of any safeguarding policy change, filtering/monitoring system change, or material incident affecting our statutory duties.

Yours sincerely,

Appendix 3: Off-site Alternative Provision Checks Flowchart

1. Identify a Lead for off-site & AP providers in school.
2. AP Lead visits provider and completes the Audit Document (Appendix 1).
3. AP Lead ensures receipt of completed Safeguarding Assurance Letter (Appendix 2).
4. Audit, Safeguarding letter, and additional evidence (e.g., insurance documents) are kept on file for scrutiny.
5. Plan transition for the student.
6. School administrator and provider maintain daily contact regarding student attendance.
7. Ongoing QA checks are scheduled and completed by AP Lead/SLT using QA form (Appendix 5).

Appendix 4: Alternative Provision Process Guidance

Key areas and documents to verify for compliance and quality assurance:

- **Registration Status:** Confirm if the provider needs to be registered as an independent school (18+ hours, 5+ students or 1 EHCP/looked-after child). Check DfE registration and Ofsted/ISI reports. Outdoor and adventurous providers require AALA licence.
- **Safeguarding:** Confirm provider has robust safeguarding training, policies, and procedures. Check attendance reporting and first-day contact procedures. Obtain written confirmation of safer recruitment checks (Appendix 2).
- **Health & Safety:** Ensure risk assessments are in place for all activities including off-site and adventurous activities. Check first aid, medication, fire safety, and transport arrangements.
- **Insurance:** Confirm public liability, employer's liability, professional indemnity, motor vehicle, and subcontractor insurance are adequate and current.
- **Quality of Provision:** Assess provider's experience with SEMH/ASD students, premises suitability, engagement levels, teaching quality, curriculum planning, differentiation, assessment, behaviour management, and progress tracking.
- **Transitions and Admissions:** Confirm robust admissions, induction, and transition processes, including taster sessions and clear procedures for ending placements.
- **Additional Support:** Clarify roles for attendance, progress monitoring, and external agency involvement.
- **Documentation:** Ensure contracts, education plans, monitoring protocols, communication protocols, and due diligence evidence for subcontractors are in place.
